## Emmanuel

by Angela Alaimo O'Donnell in the December 13, 2011 issue

From the cave of darkness a baby comes to light.

In the nick of time, eternity tonight.

In a world of error a perfect child is birthed.

- In the midst of terror, peace arrives on earth.
- In the chill of winter dawns this blazing son.
- To a world of sinners comes this sinless one.
- In a land of chaos speaks this single Word
- whose voice can raise the dead, whose promise can be heard.

Even as he cries sleepers stir beneath the sod

for nothing is impossible with God.
