

What the Muskrat Said

by [Laurie Klein](#) in the [March 2023](#) issue

Mend the lodge; mentor the kits.

Understand teeth are the final gateway.

Stalk the whispering flutes of air within common reeds. Kiss an overlooked wonder:
webbing.

Relish the numberless psalm formerly known as *swim*.

Amen the snails.

Tail every floating tendril of glory.

Ha brakha dabra: "The blessing has spoken."
