Snowdrops

by <u>Sarah Rossiter</u> in the <u>February 2024</u> issue Published on January 15, 2024

In bitter cold, the grieving wait for what might rise from shattered ground: beneath the rubble, something stirs, a baby, newborn, cord attached, alive, beside her mother, dead, is lifted into naked air. Like snowdrops deep in winter dark, slipping through the frigid crust, the unexpected slender stems, the delicate white-petaled blooms.
