

Haiti: Two years after the quake

By [Scott Gunn](#)

January 12, 2012

Tomorrow is the two-year anniversary of the devastating earthquake in Haiti. In today's 24-hour news cycle driven world, two years ago is practically medieval. While most of us sail along merrily, as if nothing ever happened, Haiti continues to be a humanitarian disaster.

I've written [several posts about Haiti](#) on [Seven Whole Days](#), most [notably this one](#) about the developed world's complicity in the problems of Haiti. We have continued to fail spectacularly.
