In the words of God Complex Radio's producer, Rob Dyer:

Derrick has an inspiring and energizing conversation with Rev. Cameron Trimble about the future of renewal in the church. Cameron is the Executive Director of the [Center for Progressive Renewal](#). She most recently served as an advisor to the Congregational Vitality and Discipleship Team of Local Church Ministries for the United Church of Christ and as Associate Conference Minister of Church Development in the Southeast Conference of the UCC. In her ministry in the national setting, Cameron was responsible for the development of national strategy for birthing new churches. In her conference setting, she directly oversaw the birthing of churches throughout the Southeast Conference. Each setting has given her a unique perspective on the challenges of cultivating leaders equipped to meet the needs of the future of Protestantism.

Cameron is an adjunct professor teaching church planting and renewal with the Pacific School of Religion and Chicago Theological Seminary. She has co-authored the book "Liberating Hope" with Michael Piazza in 2011.

With this wide experience and exposure, Cameron is convinced that the future of the progressive mainline Church is dependent upon our ability to cultivate the highest quality of leadership in both ordained and lay leadership.
