["It is neither Islamic, nor is it a state."](#)

"That utopian philanthrocapitalist democracy that Bono is always stumping for will also be a place where [your belongings will be chosen for you](#)."

"Some people will get sacked now, because [we need this to be a problem of individual malfeasance](#)."

"Instead of trying to collect this debt, [the group makes it disappear](#)."

["Real names can be hard to remember and disconcertingly humanizing](#), like when you go to a fancy restaurant and they serve your fish with the head still on."

"His faith continued to shape him however, as [he recited the Psalter as he disemboweled and quartered for his sedition](#)."

"For \$60, they can take home [a teddy bear implanted with the recording](#)."
