December 1, 2014

This year, instead of [soliciting writers to do end-of-year lists](#) of books, music, and TV/film in specific areas, the *Century* asked its [editors, columnists, and hosted bloggers to each](#) select three items we'd like to give to others and three items we hope to receive, in whatever area. [My list](#) includes Eula Biss, *The Good Wife*, and, of course, Dylan.
