

Holy Week

Properly observed, it is  
a slow greening process,  
unfolding of the bud  
buried in every breast.  
It cannot be hurried,  
but is hoped for  
through cold seasons,  
callousness, cruelties,  
Calvary in lonely places  
which can last for eons.  
Received by reduction  
not by adding to,  
we wait for the bud,  
and the tomb, to open.
